

Claris gets UK regulator nod for Ahmedabad unit

Ahmedabad-based drug manufacturer Claris Lifesciences announced on Thursday it has received approval from the UK health regulator, Medicines and Healthcare products Regulatory Agency (MHRA), for its newly commissioned plant in Ahmedabad.

"The company's flagship plant is already approved by the MHRA-UK. This is the first regulatory inspection and compliance approval conducted by MHRA-UK in line with the EU GMP regulations for plant 2," Claris Lifesciences said in a filing to the BSE.
