

Zydus Cadila gets USFDA nod for anti-viral drug

Pharmaceutical major Zydus Cadila has received final approval from United States Food & Drug Administration (USFDA) for marketing of anti-viral drug Acyclovir.

"Zydus Cadila has received the final approval from the USFDA to market Acyclovir tablets," the company said in a statement. The approval has been granted for Acyclovir tablets in strengths of 400 mg and 800 mg, Zydus Cadila said.
