

Lupin launches generic Diovan tablets in US

Drug maker Lupin has launched generic version of Diovan tablets, a hypertension drug, in the US market after getting approval from the American health regulator. Lupin Pharmaceuticals, the US-based subsidiary of the company, has launched its Valsartan tablets in strengths of 40 mg, 80 mg, 160 mg and 320 mg in the US market after getting nod from the US Food and Drug Administration (USFDA), Lupin said.
