

**Stemade Biotech plans to expand**

**MUMBAI:** Stemade Biotech announced the launch of its dental stem cell collection centres in Chennai. The company plans to expand in key markets such as Singapore, West Asia and Australia. Stemade was currently funded by Deepak Ghaisas, former CEO of i-flex Solutions and Shailesh Gadre, former MD of pharma market research firm Org IMS. The company has a total of 75 such collections centres in Mumbai, Delhi, Pune, Bangalore, Hyderabad and Chennai, says a release.
